## BENCH BRACKET

1

## EASY!

Fasten Bench Bracket to the deck in the desired location.

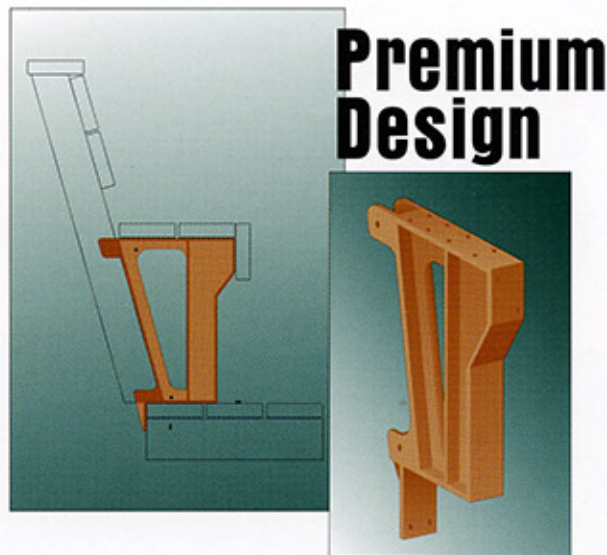

2

Attach the 2" x 4" back support to the Bench Bracket.

3

Attach the 2" x 6" seat, back and rail boards to complete the installation.

## Premium Design

The Bench Bracket is manufactured using Composite Reinforced Plastic Technology to provide you the best product possible.

- Easy to install.
- Strong - meets the rigors of everyday use.
- Durable - 10 Year Warranty.
- Assures symmetry in railing & bench spacing.
- Accommodates any length of bench.
- All required hardware and instructions included in package.
- Accommodates 2x4 or 2x6.
- Can be added on existing deck or new construction.
- Wood tone to complement overall deck appearance.
- Attractive and discrete appearance from all sides

## Functional and Practical

The Bench Bracket includes instructions for the installation of corner seating and tying the bench into existing handrails.

## Attractive and Comfortable

You can build a comfortable, attractive, and functional perimeter bench on any size and shape of deck by using standard 2" x 4" and 2" x 6" boards, with the Bench Bracket. It combines additional seating area with comfortable back support and strong top railing.

## Material List
